The Northern Kentucky Water District (NKWD) provides water service to over 80,000 residential, commercial, industrial and wholesale customers in Northern Kentucky. The NKWD regularly is in need of professional engineering services related to the supply and distribution of raw and potable water. To assist in this process, the NKWD is requesting Statements of Qualifications for professional services for two disciplines: (1) surveying & water main design and (2) geotechnical services. The purpose of these Requests for Qualifications is to identify a list of firms for these types of services.

Copies of both the Request for Qualification for Surveying & Water Main Design Services and the Request for Qualifications for Geotechnical Services may be obtained from the office of Northern Kentucky Water District at the address indicated herein or by contacting Denise Manning at (859) 426-2718. There is no charge for these documents.

Minority companies are encouraged to submit.

Amy Kramer, V.P. of Engineering, Production and Distribution
